VOL. XIV.

CLAY CITY, KY., THURSDAY, JUNE 10, 1909.

NO. 23.

Flour from Alfalfa and Cotton Seed.

Necessity is said to be the mother of invention. Since the almost prohibitive price of flour after the wheat raised last year went into the hands of the speculators, put the scientific elements to work to devise a means to escape the clutch of these gamblers, and, according to latest reports, the best grades of flour has been produced from alfalfa and Cottonseed. The price of wheat is none too high but we would like to see the farmers get all of this price instead of the speculators and gamblers as now do.

Ed Callahan Ambushed.

Ed Callahan ex-Sheriff of Breathitt county was ambushed and perhaps fatally shot in his county. Govan Smith, Elisha Smith and Levi Johnson are in jail at Jackson charged with the shooting. Friends of both parties are said to be lining up and troops to protect the peace of the city may be asked for during the examining trial soon to begin.

Don't Like Braggarts.

President Taft doesn't like braggarts. When Governor Stubbs, of Kansas, boasted that he had defeated his opponents in the Kansas delegation, with the help of the President, by getting a man appointed in the government service, Mr. Taft promptly dropped the man. Then the President appointed Elmer Dover, former Secretary of the Republican National Committee, a bank examiner. Mr. Dover boasted long and loudly, and now the President has rescinded the appointment.

Heavy rains Tuesday night and Wednesday has put the river on a tide though it is hoped and hardly expected that it will overflow the crops on the river bottoms.

About Lynchings.

The lynching of a negro at the State capital last week under the immediate surveillance of the Governor Willson has raised afresh the question of right or wrong of lynchings. Admitting that the practice is all wrong, it may be accepted as a foregone conclusion that it will not be corrected until the criminals who engage the attention of mobs are less protected against the course of law by technicalities and trivialities. If mob law must end, let real law guarantee prompt action and certain punishment.

Base Ball.

The game of ball Sunday at Stanton between the home team and the Hyde Parkers, of Cincinnati, was a close game resulting in a victory for the Stanton by a score of 8 to 6. Another game will be played at Stanton Saturday between the Old Field Indians and the home team and on Sunday the Stanton boys will play on their grounds the famous team of All Stars from Winchester.

Young Folks Entertainment.

The inmates of the Highland Orphanage gave a number of their little girl friends a candy pulling Saturday night. About sixteen were present and all had a gleeful time. The little orphans at the home are being well cared for.

Montgomery Primary.

The Montgomery County Democratic primary election will take place June 18th. Henry Watson general manager the Clay City telephone exchange, is candidate for County Attorney and deserves to win.

A company with \$50,000 capital has been organized in Louisville to insure tobacco against hail.

To Build Old Home.

W. H. McKinney, who moved to Missouri from this county and has acquired considerable wealth since living there has had built in his back yard at Kansas City a model of his boyhood home. The Kansas City Star of May 6 speaks of Mr. McKinney as follows:

Constantly recurring memories of childhood caused W. H. McKinney to have built in the rear of his yard at 4232 Harrison street a log house similar to the one he was born in back in old Kentucky. Mr. McKinney expects to sleep in the house this summer and dream dreams of his happy boyhood every night. It is to be a house filled with sentimental memories.

The house, which is in sharp contrast to its modern residence surroundings, is being built by J. H. Warden, who owns land with Mr. McKinney east of Swope park. Logs of walnut, ash, hackberry, elm, hickory, black and white oak have been used in its construction. An old style chimney has been built for the brick-lined fireplace.

"Mr. McKinney is going to make the log house as near like the home of his youth as possible," Warden said this morning. The door is to be on wooden hinges, so it will squeak like the home door did. An old rag carpet 'like mother used to make,' will be on the floor. His old squirrel rifle will hang on the wall above the fireplace. A set of deer horns will be above the door and coon skins will be nailed to the wall.

Mr. McKinney is manager of the Elm Ridge race track. He and Mrs. McKinney have no children.

Wonderfully Made.

We have residing in town a young man, who, if reports are true, is wonderfully and fearfully made. His doctor said he had an iron constitution; his friends said he had nerves of steel; his uncle that he had a wooden head; the girls said he had a heart of stone; his enemies declared that there was more brass to him than anything else; others declared he had lots of sand, while his admirers declared he was all wool and a yard wide.

Meeting to Close.

The protracted meeting at the Methodist church will close tonight after several days continuation. Bro. Martin has done some earnest preaching which has had a telling effect on the church membership with one addition to the church and others manifesting great interest in the meeting.

See our line of Cook Stoves and Ranges. We can sell them cheaper than peddlers or mail order houses, and besides you can see just what you are buying, and know where to find us should anything be unsatisfactory with the stove or range. Hardwick & Co., Stanton, Ky.

Misses Mary Shimfessel and Mary Graham Eaton spent last Thursday in Lexington.

Died in Montgomery County.

Ab Hall died at his home in Montgomery county yesterday morning, aged sixty-five years. He leaves a wife, five sons and two daughters. Mr. Hall formerly lived in this county where he made a nice little fortune, but moved to Montgomery county about three years ago where he owned a quantity of bluegrass land.

Showman Shot.

A fellow by the name of H. C. Bowers gate keeper at Howe's circus which exhibited in this city May 20 was shot by a negro at Frankfort June 3rd. The negro tried to force entrance to the big show, but Bowers prevented this and the negro shot him inflicting dangerous wounds. Officers arrested the negro and took him to jail where he was afterwards ejected by a mob and hung.

The State's Indebtedness.

Auditor Frank P. James says it is a mistake to say the State is so far in debt. He says the amount of the State's indebtedness will not exceed \$520,000 instead of \$1,000,000 as some papers have reported. He also says the cost of the militia in trying to suppress night riding was only \$160,000.

The Glorious Fourth will soon be here, and if the boys intend to have a big day they had better be getting ready for it.

Miss Betsey Johnson is visiting her sister, Mrs. J. H. Burgher at Winchester.

For any kind of summer wear for women, men, girls or boys see our lines. Can interest you in quality, prices and assortment. Hardwick & Co., Stanton.

TO THE PEOPLE OF POWELL COUNTY:

I am a prospectiv candidate for County Judge, and if nominated will make the race. I am being criticised for not indulging in and dealing out intoxicating drinks as it is customary for candidates to do. I don't criticise any one for taking a dram if they wish to do so. I never drank a drop of whiskey in my life as a beverage. I can't leave the course I have followed for 57 years just because I want an office. If I can't be Judge on that account, I can be right, but I have an inclination to want to be both.

R. W. GARRETT.

Dentistry.

Dr. S. P. Hamman, dentist will be in Clay City June 10th for practice. Anyone having teeth needing attention should call and see him at the Red River Hotel.

Killed in Madison County.

Wm Sparks, formerly of this county, shot and killed J. S. Collins in Madison county Friday. Sparks was a tenant on Collins' place. Sparks escaped arrest and at last accounts was still at large.

Monday and Tuesday were the hottest days of the year.

The Payne bill, as it stands today, proposes a tax upon the average family, in the one element of food and table furniture, of over \$95 a year. An average of \$95 must be paid, under this law, by every family in the United States above the actual value of the food they consume and the material upon which their food is served. And does the \$95 go to sustain the government? Why bless your innocence, no! Three dollars of the \$95 goes to the government and the other \$92 to the sugar trust, the beef trust and the other trusts we all must pay tribute to. The \$3 represents the cost of government; the \$92 the cost of protection for the trusts. The \$92 is unearned profit, going to swell the bloated bank accounts of multimillionaires that they may own private yachts, marble places, United States Senators and the Republican party, while we—the near common people—sweat and toil, sink or swim, live or starve, as best we may.—Elizabethtown News.

Mr. R. W. Garrett is a Republican prospective candidate for County Judge of Powell county and has a card "To the people of

Powell county" in this issue of the Times. Mr. Garrett is a leading citizen of Powell county, a sober and industrious man, and would make a good race for the office and a good officer if elected.

We have a number of men's suits that will close out regardless of cost. Will sell them at the following prices, for cash only. \$17 00 suits for \$11 00, \$14 00 suits for \$9 00, \$12 50 suits for \$8 00. If you can use any of them you can not afford to miss this opportunity.

Cleaning Season.

A brother editor, of a poetical turn, describes house-cleaning in this terse and truthful style: "My wife sings like a bird or a bard, and hums like a hive full of bees; for she has all the furniture piled in the yard and the rugs slung over the trees; she's slopping around with a pail full of suds and a rag and a broom and a mop, she has soap on her topknot and grease on her hands no one can get her to stop. The stove's taken down and the clock's on the lawn, and piano's out there on the stoop, and as vainly I hunt for the things that are gone, she don't give a jimdusted whoop. My dear wife has gone and dismantled the place, and still she goes around on the jump; I sit on the grass when I'm feeding my face, when thirsty I go to the pump. And when the day's labor and journey are closed, and I to my home would repair, I find on the floor I must hang up my clothes, and sleep on the back of a chair."
